The training given by Fateh was amazing. The study material provided by Fateh helped in me in each and every module. Reading, as we know is the most difficult module, but by doing reading exercises from the study material helped me in overcoming this fear. My Trainer Jayati Ma'am helped me in each module in the best possible manner, which helped in gaining confidence. Moreover she was always there to help, whenever I had doubts. All of these things helped me in the best manner and I was able to score 7.0 overall. Furthermore, The counselling provided by Fateh was excellent..
