IRELAND to vaccinate every resident by September!

Ireland, hereby, presents a reason for optimism by announcing vaccination for every resident, thereby, leaving every person assured and safe about the Covid-19 pandemic. Although a shortfall was expected in the number of vaccines but now, Ireland is set to receive nearly 100,000 more vaccines from Oxford AstraZeneca following a new agreement between the manufacturer and the European Union.

SUCCESS STORY

Congratulations, from Fateh Education for joining as a State Health System Officer for Uttar Pradesh on behalf of World Health Organization!

Aman reached out to Fateh Education for a guidance on the right university and course for himself in an expectation to realise his dream in 2014. He was guided by Ms. Neha Bhatia based on his profile and scores. After multiple flawless counselling sessions, an A-list university and course (Msc Public Health - UCC) was finalized for Aman, which after completion of his degree and ample practical exposure, helped him achieve his goals

Entering the doors of Fateh Education had opened many doors in my career and I'll be always thankful to them to make this possible. But I will never be behind to flag Neha Bhatia Ma'am because it would be impossible to count all the ways that you've helped me in my career. Thank you!

STUDENTS SPEAK

It gives me immense pleasure to say with pride that I chose Fateh Education for my IELTS preparation and I'm much satisfied with my decision because I scored the desired band only with the help and guidance of Jayati Ma'am and Fateh Education Team. They are master in their field along with the Cambridge Learning management System that they offer, is par excellence. I highly recommend Fateh Education to students to achieve their dreams.
