BILAL ALI SAIYED

Words cannot express how thankful I am to Swathi Ramesh, senior counsellor at Fateh Bangalore whose proactive and professional approach guided me through the nitty gritty of GOI-IES scholarship for the academic year 2020-21. With her propensity to pay attention to details, the processes involved for visa processing like PCC, SOPs and LORs felt like a piece of cake from day one. Her uncanny knack of coming up with creative solutions for issues exemplifies her streamlined approach.

My education has always been of utmost importance to me, and to be rewarded with a full scholarship is very humbling. The scholarship was an absolute answer to prayers, as life does not always go as per plan.

Fateh helped me to get a fantastic results in the IELTS test (overall 8; R-8.5,W-7.0,L-7.5,S-8.0) which is much better than I could have hoped for - it was a bit unexpected for me to be honest. Jayati ma'am's lessons were always thorough and very professionally organized. It was not easy to pass the test but Jayati ma'am helped me feel much more ready for it when the time came. I can recommend her lessons to anyone who wants to take the IELTS test and achieve high band scores.
